REST API Software Licenses with One (1) Year Maintenance Support for the existing Integrated Documents and Reports Archival and Retrieval System (IDRARS)

REST API Software Licenses with One (1) Year Maintenance Support for the existing Integrated Documents and Reports Archival and Retrieval System (IDRARS)

LANDBANK is inviting interested vendors to participate in the budget discovery/exploratory study for the OREST API Software Licenses with One (1) Year Maintenance Support for the existing Integrated Documents and Reports Archival and Retrieval System (IDRARS)

Restful Web API will be used to connect Mobius System (our existing IDRARS) to other report and document repository thru a web-based interface. IDRARS is the centralized repository of bank records, documents and reports generated from various application systems of the Bank and customer records including those covered by the recent digitization project like know-Your-Customer (KYC) and Over-the-Counter (OTC) transaction documents of Branches.
