## Three (3) Years Computer Associates (CA) Software Maintenance Agreement (MA) charges to 2977 Million Instructions per Second (MIPS)

LANDBANK is inviting interested vendors to participate in the budget discovery/exploratory study for Three (3) Years Computer Associates (CA) Software Maintenance Agreement (MA) charges to 2977 Million Instructions per Second (MIPS)

CA software products are being used by the Bank to run, manage, operate, test and protect all of our mission-critical systems running in our highly-complex IBM mainframe infrastructure.

This computing infrastructure is currently processing more than 8 million transactions per day on an average. The mainframe provides high-volume, high-throughput, very reliable and secure platform for several of our mission critical applications.

For interested providers, please email or call:
