

REQUEST FOR INFORMATION

Title of the project	Procurement of a Registry and Paying Agent (RPA)
Date of Posting	13 February 2025
Description	<p>The objective of engaging an RPA for the issuance of LANDBANK Fixed-Rate Sustainability Bonds is to ensure effective coordination and management of bondholder records throughout the bond's lifecycle.</p> <p>The RPA will maintain and safeguard an electronic record of bondholders, ensuring that the authorized amount of securities is accurately reflected and compliant with regulatory requirements. Additionally, the RPA will act as the transfer agent to monitor changes in ownership and facilitate the distribution of periodic interest and principal payments, thereby promoting transparency and accountability in the management of the bonds.</p>
